T. & D. Theater is Attached in Suit for \$175,125.00

HOMES WILL BE BUILT HERE BY COMPANY FROM UTAH

The Western Loan & Building Company of Salt Lake, capitalized at \$50,000,000, and doing a building and loan business in eight states, last night formally established a substantial connection in Richmond, by the election of the following officers of a Richmond advisory board: C. B. Clark, president; E. J. Burg, vice-president; M. A. Hays, secretary and treasurer. These officers, with the following, comprise a board of appraisers: J. I. Collins, K. J. Henning, H. Stuckede, J. S. Riba, A. Nelson, A. T. Swanson and James H. Chanlier.

All these names are taken from the list of stockholders, and the organization starts off locally with twenty-eight charter members.

Purpose To Build Homes

The primary purpose of the company is to build homes.

They promise and undertake to loan five dollars on local securities for every dollar of stock taken locally.

The company organized twenty-nine years ago, and has been doing business continually since. It has been operating for seven years in California, and already has entered forty-eight California cities and towns.

In 1912 the assets of the company totaled \$1,680,588. On January 1, 1922, the assets had grown to \$7,899,751.86.

The company is incorporated under the laws of Utah, and according to J. B. Pamplin, general agent for the company in Northern California, it is the only non-resident company of its kind authorized to do business in California.

The company is ready now to advance loans and to sell investments.

Last night's meeting was held in the offices of the East Bay Water Company.

Sixty Attend Easter Dinner

Over 60 were present at the annual Easter dinner of St. Edmund's church, held last evening in the church parlors. A very delicious dinner was served by the Edmund Senior Guild. Mrs. Lauritsen and Mrs. A. Robertson were in charge.

The following splendid program was given:

Piano accompaniment and violin, J. Toffoli and R. Ramsey.

Songs, A. Saswell.

Minstrel sketch entitled, "Janitor Wanted," Percy Wren, assisted by Bob and Jack Fenix.

Monologue, M. Triller.

Songs, Rev. Blake Hadlow and M. Terry.

Piano accompaniment solo, J. Toffoli.

Violin solo, R. Ramsey.

Mrs. W. Goldworthy assisted at the piano. Rev. Blake Hadlow acted as chairman of the affair.

Scheduled Fixed By Elks' Radio Phone Committee

A schedule of operation for the radiofone in the club rooms at the Elks Club was decided upon last night. This schedule will be varied at times when special programs and concerts are to be given by the broadcasting stations. The hours when the set will be in operation are as follows:

Sunday, 3 to 4 p. m.
Tuesday, 11 to 12 and 3:30 to 4:30
Wednesday, 7:30 to 8:15 p. m.
Thursday, 11 to 12 a. m.
Friday, 7:30 to 8:15 p. m.
Saturday, 10 to 11 a. m.; 3:30 to 4:30; 8:35 p. m.

T. & D. Theater Attached in Suit Involving \$175,125.00

Mild excitement was created on the streets and in cafes last night when news has bruited about that an attachment writ had been issued against Turner & Dahken, owners of the new Richmond T. & D. Theater in the suit of Roy Hall, for the sum of \$175,125.00.

The writ is based upon a suit started in the Superior court of Alameda county by the plaintiff Hall, and the writ on the face claims the principal and interest from April 8, 1922.

Dan W. Reardon, manager of the T. & D. theater, and the agent in Richmond of the Turner & Dahken corporation, was served with a copy of the attachment late yesterday evening.

The suit is the result of a domestic family disagreement, according to Reardon.

Hall is a brother-in-law of Mrs. Turner, who is president of the corporation. He sometimes ago was discharged from the position of manager, according to Reardon, he who told the Record-Herald that the suit pending is an echo of the family disagreement.

The attachment was served in Richmond by Deputy Sheriff W. W. Yeale. Reardon said that he immediately got in touch with the head offices of the corporation, and that Dahken evidenced no excitement concerning the suit.

What forms the basis of the suit is not indicated.

CIVIC CENTER CLUB MEET TODAY

This afternoon's meeting of the Civic Center Club is announced as one of the most important since the commencement of Lent. There will be numerous business matters to come on for disposition. After the business has been got out of the way, a delightful program is promised. Mrs. K. A. Cole has charge of the program.

Real refreshments will be served by direction of the following committees: Mrs. H. W. Bryant, chairman; Mrs. R. G. Armistead, Mrs. N. Anderson and Mrs. C. F. Bevins.

The meeting will be called at 2 o'clock sharp, in the club rooms, at 809 Twenty-third street, and all members are urged to be present.

MOOSE HEART LEGION MEET

Women of Mooseheart Legion held its regular business session last evening in Moose Hall. The following committee to arrange for the next meeting was appointed: Amanda Fenske, chairman, assisted by Lena Gardella, Minnie Gardella and Elizabeth Gist.

Arrangements were made for a picnic and dance to be held May 20 at East Shore Park. The committee in charge of the affair will be headed by Ethel Beedy.

Plans were also made for a card party to be held Monday evening, May 1, at Moose hall. There will be six lovely card prizes and a door prize. The public is invited to attend. The committee arranging for the party is composed of Ethel Beedy, chairman, assisted by Vallie Scholer, Eliza Martin and Amanda Fenske.

Plans are being developed for a baby show to be held in the near future. The event will be arranged by a committee headed by Lillian Blake.

Following the completion of the regular business last evening, surprise refreshments were served by Lillian Blake and Eliza Jane Martin.

BOOTLEGGERS SOFT DRINKS ENGAGE TIME OF COUNCIL

Soft drink places, bootleggers and grocery stores, which carry soda water as a side line, occupied the attention of the Council for quite a period at its meeting last evening.

R. H. Curry, proprietor of the Richmond Soda Works, stated that the proposed ordinance which compelled grocery stores to get a permit and pay a license, would work a great hardship on him and would probably put him out of business, as the grocery stores sold such a small amount of soda water that they would refuse to take out a license, and as a result would not purchase any of his goods.

Curry made the statement that where in years past he used to sell from \$20 to \$30 worth of soda water to saloons, now that they were operating as soft drink parlors, that his sales to them did not average \$1 a month.

This statement caused quite a stir and a number of the councilmen asked the very pertinent question, "what were the soft drink places selling, and Curry's reply was they could draw their own conclusions."

Finally after much discussion it was agreed that the ordinance should be so amended that they would have to secure a permit, but would not be compelled to pay a license.

The new law will come up for final adoption at the meeting next Monday night, but whether it will be passed, or there will be other amendments tacked to it, is yet to be seen.

Foreign War Vets Add New Members

Hiker Thomas M. Harney, of Springfield, Mass., who recently reached Oakland en route from Boston to Seattle, was the guest Sunday of Honor Post, No. 913, Veterans of Foreign Wars. Harney appeared at both the T. & D. and the Macdonald theaters and made brief speeches by way of stimulating interest in the organization of the Veterans of Foreign Wars. Harney was accompanied yesterday by C. R. Armour, of Oakland.

The tent at Tenth and Macdonald is open every day, and will be for several days to come. Yesterday the following new names were added to the roster: Charles Wassabaugh, N. P. Nielson, S. A. Cain, Y. E. Ford, H. R. Nixon, A. G. Ferrell, G. A. Baldwin, J. P. Santos, George F. Handle, L. E. Fowler, J. E. Pamplin, J. F. Sanders, Frank Freeman, H. I. Bill, J. J. Barnaman and J. Springer.

Quartermaster V. J. Lukart was duty yesterday.

Capt. Ben W. Spier will be the officer in charge of the tent today.

Wesley Ladies' Aid To Meet Wednesday

The meeting this week of the Wesley Ladies' Aid society will be held at the home of Mrs. Hutt Brown at 599 Eleventh street tomorrow afternoon at 2 o'clock. An interesting program is being prepared.

Mrs. Hutt Brown is chairman of the day and is being assisted by Mesdames Tarr Calfee, I. L. Dearborn, Nellie Conway, James Craig, J. Cresson, B. Banner and J. Crites.

COUNTY AUDITOR'S DAUGHTER IS SOON TO WED

The engagement of Miss Eva Sulinger, daughter of the county auditor, and Valdo P. Otto, nephew of County Assessor George O. Meese, has just been announced. They are well known in this city.

OAKLAND FIRM GETS THE JOB TO PAVE 47TH AND FOURTH

Two contracts for street work were awarded by the council last evening, and bids for the improvement of two other streets will be received in two weeks.

Hutchinson Co. Gets Contracts

For the work of improvement of Forty-seventh street. The Hutchinson company of Oakland was the low bidder, whose offer was \$9,419.41.

The other bids on this work were L. L. Page \$9914.08; S. C. Rogers, \$9714.25 and Frank W. Bilger \$9748.41. The specifications on this street call for a twenty foot strip of asphaltic concrete four inches thick.

The successful bidder for the work on the Fourth street crossing was also Hutchinson company of Oakland, whose figure was \$5093.83. The other bids were S. C. Rogers, \$5113.33 and F. W. Bilger \$5256.39. This work calls for a five inch asphaltic concrete pavement the full width of the street, and curbs and gutters.

Street Work Ordered

No protests were received against the proceeding with the work of improving Twenty-ninth street, and the streets of the San Pablo Villa tract, and the council adopted resolutions ordering the work, bids to be received in two weeks.

Ordered Closed

At the request of the Pacific Sanitary Manufacturing company a resolution was adopted closing portions of Dana and Monroe streets in the northern section of the city. The property on both sides of the streets is owned by the industry, and it is the intention of the company to build additions to its plant.

Granted Extension

F. W. Bilger was granted an extension of thirty days on his contract for the improvement of Second street.

McVittie Reports

City Manager J. A. McVittie reported to the council that the residents who had asked for sidewalks on the south side of Potrero avenue did not want the work done, if the expense was to be borne by the property owners.

Walker Gets Extension

James Walker was granted an extension of thirty days in which to complete his tile work contract at the new municipal wharfshed.

Overcomers' Club Hunt Easter Eggs

Mrs. W. F. Dwining escorted her girls to the Berkeley Hills Saturday afternoon for their annual Easter egg hunt, which was enjoyed by the following girls: Vera Parks, Hildur Dahlsen, Rose Hollenbaugh, Freda Robinson, Edna Johns, Mabel and Anna Booth, Maurine Jones, Pearl Twogood, Betty Carlson, Agnes Anderson, Grace Milnes.

The girls enjoyed their outing very much. Grace Milnes won the honors in the egg hunt.

FORRESTER'S AT EL CERRITO TO GIVE BENEFIT WHIST

The Independent Order of Forrester of El Cerrito are planning to give a whist party on Saturday evening, April 22. The proceeds will be used to buy uniforms for the drill teams.

HARBOR LODGE OF MASONS CONFERS FIRST DEGREE

Harbor Lodge No. 502, F. & A. M., met last evening in Masonic hall and conferred the first degree on a class of candidates. The ceremonies were presided over by Worshipful Master C. Alexander. The meeting was marked by a large attendance.

Promising Signs Appear For Subway

An echo of the proposed improvement of the subway was heard at the meeting of the Council last evening, when a resolution was adopted declaring certain lands acquired at the east portal of the opening, to be a public highway.

The resolution refers to the three lots purchased by the city, which will be used in the widening of the underground passage.

Elks Ballot This Evening Ladies Night On April 28

Hello, Bill!

Tonight's meeting night at Richmond Lodge No. 1251, B. P. O. E. Furthermore, it's the balloting night. No good Elk needs to be told of the importance of being present. This will be the second occasion upon which Exalted Ruler Frank Gordon will have served. It's encouraging to a presiding officer to see all seats taken and to picture a utility squad bringing in extra chairs.

On April 25 candidates will be initiated. After the initiation there will be a typical Elks' entertainment.

Plans are going forward with a vim for a fitting celebration of Ladies' Night on April 28. The painters and interior decorators will have the club rooms ready, and the committee in charge are working hard to make the affair one of the most brilliant after-Easter parties of the Spring.

The committee is composed of E. E. Ziem, J. W. Lee, R. J. Breton, C. F. King and W. P. Phelps.

FIREMEN'S BALL ON APRIL 22

Have you bought your ticket for the firemen's relief ball to be given at East Shore Park on Saturday evening, April 22?

The tickets are going at a rapid rate, but there are lots more. Everybody is buying tickets. Nearly everybody in town is going to turn out, too.

The whole community gets behind the fire laddies and their friends when they put on a party.

Chief Roy LeMoine heads the reception committee, and Assistant Chief Yeater will be the floor manager.

The decorations will be in charge of Ira Conrad, and he promises that they will eclipse previous efforts.

Dan Noziglia has shown his heart is in the right place by volunteering to serve at the ticket window, and the doors will be well guarded by R. Pasach, G. Imbach, and P. Perso.

The comforts of the ladies will be well taken care of by a competent, courteous matron.

Chief Barry's orchestra will dispense his well known and irresistible fox trots, toddies, one-steps, and waltzes.

The cause is too worthy to need encomium here.

The proceeds go to the relief of firemen and their families in sickness and distress.

Man Huht When Wire Pole Falls

George Wells, an employee of the Western States Gas and Electric Company, sustained bruises and scalp lacerations yesterday when he was struck in the head by a pole which was being raised at Seventh and Macdonald. His injuries are reported as not serious. He was treated by Dr. J. S. Mason.

Bakersfield And Back By Fast Motor

"Owls" and "Larks" and "Navajo Expresses" mean nothing to J. P. Strom and his wife when given a standardized California highway, a high-grade touring car and fair weather.

"We left Richmond at 8 o'clock Thursday morning, and at 10 minutes to 6 Thursday evening were going into dinner at the Harvey House, Bakersfield," said Strom.

"Did the traffic cops stop you?" asked the Record-Herald.

"No. They couldn't catch us," Strom replied.

However, it was the expert handling of the wheel by Mrs. Strom that made it possible for the couple to make such a breezy run.

The trip was made in a new Dodge Brothers touring car, and she bowled along over the highways as smoothly as Harry Hartz, the boy wonder, in his Duesenberg at San Carlos speedway last Sunday.

The Stroms encountered no trouble of any kind, either going or returning.

"It was a wonderful trip, and we enjoyed every minute of it. The San Joaquin valley is very beautiful and rich, but say, we were glad when we saw the lights of Richmond at midnight Saturday. But if you are figuring on a trip by auto down to the Tehachapi, a Dodge Brothers car will surely give you all the joy of the open road," said Strom, and that ended the interview.

U. C. Campus Is Thronged For Templars

Hearst's Greek theater on the campus of the University of California was the mecca for East Bay Masons and their friends Sunday afternoon.

The Knights Templar were the honor guests of the University authorities for the day, and conducted a beautiful and impressive service.

The procession containing a long line of the Sir Knights in their plumed helmets alone was a picture worth going miles to see.

The day was ideal for outdoor celebrations, and the great cheer of the California Glue Club as their majestic notes swelled, rose and reverberated like the notes of a giant pipe organ, touched deeply the emotions of the thousands who filled the amphitheater and lined the slopes on three sides.

A great number of Knights Templar of Richmond took part in the following program:

Hymn, "Onward Christian Soldiers."

Introductory remarks, Wells Drury, Esq., president Berkeley Chamber of Commerce.

Responses, Very Em. Sir W. H. Wells, grand commander.

The Lord's Prayer.

Responsive Reading, The Easter Psalm.

"Send Out Thy Light" (Gounod), University of California Glue Club.

Sir Clinton R. Morse, Director.

Prayer, Grand Prelate.

"Invictus" (Huhn) Glue Club.

The Apostle's Creed.

Responses.

"Hosanna" (Grainger) Sir Clinton R. Morse.

Easter Address, Rt. Rev. W. F. Nichols, D. D.

"The Lost Chord" (Sullivan) University of California Glue Club.

Benediction, Rev. J. Moffett Rhodes.

"America."

Cost of Exhibit For County Nominal For Maintenance

The cost of Contra Costa county to help maintain the exhibit soon to be installed in the Ferry building, San Francisco, will be only \$15, if there will be dog prizes.

has been announced by Supervisor Zeb Knott. The former estimate was \$300. The county will give \$3400 to the California Development Board to be used in the installation of the exhibit.

NEW TRUSTEES TAKE OFFICE: PHIL LEE IS NAMED MAYOR

The newly-elected officers of the city of El Cerrito were sworn in following the formal canvass and ratifications of the returns of the recent election.

Phil Lee, mayor, was re-elected to that position, when Robert Connolly, trustee, whose name had been placed in nomination, requested that it be withdrawn in favor of Lee, who, as Connolly expressed it, was an experienced trustee.

Mrs. W. Smallwood made a brief speech to the trustees, in which she stated that El Cerrito might expect to have women candidates for the field at the next election.

Mayor Lee sounded a note of money and co-operation when he pledged his efforts toward getting a maximum of needed improvements for the city.

The incoming trustees made the talks, as did Charles Schaffer, outgoing trustee. Peter Larsen, Frank Grant, expressed good wishes for the incoming administration.

The trustees who took their last night were Robert Connolly, Kirk E. Gray for the long term, Frank McDermott, for the short term, and a city attorney will be elected next Thursday evening's meeting.

There are three applicants for the place, including Pierce & Carter of Richmond, and L. M. O'Connell of El Cerrito.

Sons, Daughters Of Civil War Vets Have Party Tonight

This evening at Pythian Castle the Sons and Daughters of Civil War Veterans will be hosts at a dinner, followed by a program of dancing. Baked beans that melt your mouth, brown bread and steaming hot Java will be served the guests at 25 cents a plate. Dinner will be served from 5:30 to 8 o'clock.

The next hour will be devoted to a pleasing program, and from 8 o'clock dancing will be enjoyed. Dance tickets will cost 50 cents.

The public are invited, and a committee in charge is composed of Mrs. Ivy Dietrich, Mrs. Nellie Ciceto and Mrs. Kitty Tyler.

F. N. B. Will Meet Crocker

The First National Bank baseball team will hook up with the Crocker team Sunday afternoon, April 22 at Crocker, in the opening game of the Three C League. The local team has gone through a strenuous season, playing continuous ball since last October. As a result it is stale and suffered a 17 to 7 loss Sunday in Oakland at the hands of the fast Zenith Mill and Lumber Company team. The local boys recently defeated the Zenith millers a practice game. No game will be played next Sunday, the bankers being in preparation for the long schedule.

Catholic Ladies Of San Pablo Will Give Whist

The Catholic ladies of San Pablo are making preparations for a whist party to be given in the hall at St. Paul's, San Pablo, Tuesday, April 25, at 8 o'clock. There will be dog prizes, and refreshments will be served.

The committee in charge is composed of Mrs. Wm. Fraser, Mrs. Solto, Mrs. C. Austin, Mrs. J. J. this and Mrs. Joseph Robinson.

THE BABY SOME PUMPKINS

Nine babies are born in New York City every minute of the day and night the year, so there must be several hundred born every minute in the United States. A lot of us old codgers are dying off, as we ought to, according to Dr. Oaler, but not as fast as the little chaps keep a-comin'. All this indicates that we don't need much if any immigration from foreign countries in future—all we need do is look happy, attend to our knitting and let Nature take its course.

Babies, properly nourished and cultivated, make people, and without people the whole world would soon be worse off than it is now, which is terrible to contemplate. The public service corporations would no longer pay dividends; the movie pictures would have to close down and Hollywood would be a howling wilderness, instead of a howling scandal; baseball receipts would drop to nothing; there would be no need of making laws if there were no people to enforce them against, and there would be no politics, charity drives, wars, conventions, or anybody left to read the Hearst editorials and thereby learn just how the world ought to be run. In fact, there would be "nothing doing."

All the news of the day is about grown-up babies, and without them there would be no news, and no newspapers. Babies have been produced a long time now, ever since moving time in the Garden of Eden, and most of 'em seem to grow up largely of their own accord. Scientific gent and ladies hold a "Baby Week" about so often, in an endeavor to boost the game, but the babies don't seem to care a rap whether anything of the sort is pulled off or not, and usually equal a lot about it if it is, several of them developed without the aid of science or old maids who know all about how it ought to be done have done remarkable things with only Nature to back them up. Among them might be mentioned Alexander Hamilton, Napoleon, Hannibal, Homer, Shakespeare, Lloyd George, Bonaparte, Johnson and Jack Dempsey—never a one of them had a single "Baby Week" to back them up. Babies can do a lot of stunts that the rest of us can't do. Very few of us can stick our big toe in our mouth, though some try to get the whole foot in. We are very much in favor of babies, but would hardly care to accumulate nine a minute. Between Dave Cypid and old Dr. Stork this is sure getting to be some busy country.

In hut and palace, field and mart,
From mountain top to ocean shore,
One query flutters every heart,
One eager question—"What's the score?"

In trying to smoothe things over for Arbuckle, the Oakland Post-Enquirer, a Hearst paper, asks: He could not have been accused as he was, had not somebody's brains been befuddled. Quite so, and who brought the booze that did the befuddling? The truth is that Fatty and the whole bunch were very much befuddled.

France and England are very insistent at the Geneva conference that Russia pay its old debts, whereupon the Russ delegates asked why France and England did not pay their debt to the United States. That was a hot one.

The coal miners want nationalization of the mines. Well, that would be fine. Nationalization of everything in Russia has proven such a grand success!

The theory that criminals are defective and should be treated for their ailments sounds like a lot of bunk to us. Most criminals are that way because they are too lazy and shiftless to work and are naturally dishonest on top of it. They should be treated all right—by hard labor inside a penitentiary.

The region where Missouri, Arkansas, Kentucky and Tennessee corner, as it were, has been feeling earthquake tremors again. The biggest quake in American history occurred right there in 1811, one that outshooked the San Francisco disturbance ten to one. This old earth is not so all-fired solid as it looks.

INDUSTRIAL WARFARE WASTE

Up to date no statesman has come to the front who could offer any solution of the industrial warfare almost constantly being waged in this country, and the Government itself seems powerless to solve the problem. Whether they can or not, or don't want to, is another question, but be that as it may the coal barons seem to have a strangle hold on the Government and Congress, and therefore do pretty much as they please. Otherwise the public would not pay \$15 to \$20 a ton for coal that costs the operators \$3 a ton to produce. Inasmuch as the big Wall street banks and the heads of the big railroad companies own 80 per cent of all the coal mines, and are known to have enough Congressmen in their vest pockets to guard their interests, because they are the ones who put up the fat campaign contributions, probably it is no wonder that the coal barons are not made to do what is right and quit profiteering.

All warfare spells waste. The present struggle between miners and operators is industrial warfare, and it is estimated that coal strikes alone cost this country five hundred millions a year. And the innocent public pays that bill, while the waste is brought about by uncompromising antagonists. It makes little difference to the public where the fault lies in these struggles. What concerns the public most is the fact that each recurring strike projects hardships, want and misery into the future, to say nothing about their immediate effects upon business, industry and all social relations. Many of the striking coal miners are now making arrangements to return to Italy, Austria and the other countries from which they came, and it will be well if they never return, for according to all reports there are 350,000 more of them than there is work for them to do.

While the Washington conference was busy settling other kinds of warfare, it would have been well if it had also had something to say about war of an industrial kind.

There seems to be a rivalry between Dublin and Genoa as to which can kick up the worst dust.

A philosopher takes things as they come, while an optimist, if they come with the dark spots uppermost, turns them over.

Mr. Bryan is hereby informed that Mr. Darwin is dead, and is not going to be a candidate on the Republican ticket for 1924, so there is no use slamming him in any such manner.

Fifty thousand people attended Easter services at sunrise at Los Angeles and Hollywood. Good thing. Most of 'em needed it.

Lonnie is suffering from stomach trouble, says a dispatch. So are all his subjects, but not from the same reason.

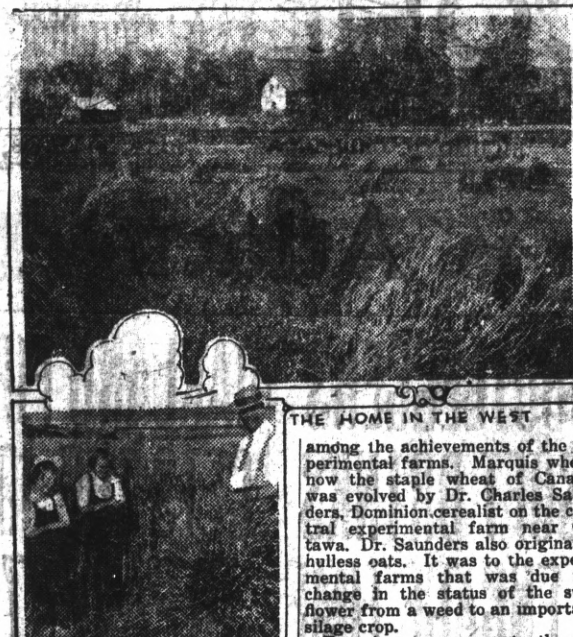

Sir Auckland Geddes, British ambassador, who has just completed a tour of this country from coast to coast, says he has found out that New York and Washington do not constitute America. That is something that other foreigners of note who come over here should find out. New York, being comprised chiefly of foreigners, is scarcely an American city at all.

America has broken the back of the biggest famine in the world. We are feeding in Russia, Armenia and other European countries four times the number of people as constituted our army over there during the war. This is certainly a grand record for our country, and one to be proud of.

The French wine interests are carrying on propaganda for circumventing the American prohibition law, and other countries are smuggling in large quantities of liquor. We do not take kindly to France or any other country seeking to break down the laws of America, and they had better mind their own business!

Wherever communism prevails everything is owned in common. Does that include toothbrushes, or don't communists use them?

SIXTY MILLION DOLLARS SAVED TO FARMERS EVERY YEAR BY SCIENCE

PIONEERS

OTTAWA, ONT.—Starting with four farms in 1886, the system of experimental farms operated by the government now comprises twenty-two farms, seven sub-stations, two tobacco stations and 100 illustrative farms. This was the statement of E. S. Archibald, director of Dominion farms, in an address before the Canadian Society of Technical Agriculturists. He added that as a result of government experimental work nearly \$60,000,000 was saved to Canadian farmers annually.

Marquis wheat, "ulless oats, and sudanese as a silage crop are

THE HOME IN THE WEST

Among the achievements of the experimental farms, Marquis wheat, now the staple wheat of Canada, was evolved by Dr. Charles Saunders, Dominion cerealist on the central experimental farm near Ottawa. Dr. Saunders also originated hullless oats. It was to the experimental farms that was due the change in the status of the sunflower from a weed to an important silage crop.

Experiments are constantly under way. Varieties of grain are tested for certain regions. Proper crop rotation is figured out. The best feed for dairy cattle is determined. Every product and method of farm work sooner or later come up for survey and possible improvement.

It is upon the work of the experimental farms that the government bases its educational campaigns to teach farmers what to do and what not to do to insure the greatest profits and it is the work of these government scientists that has brought farming in Canada to its high standard and made it one of the chief sources of the nation's wealth.

Strong Story Is "The Jolt" Shown At the Macdonald

At the Macdonald Theater last night the Fox success, "The Jolt," starring Edna Murphy and Johnnie Walker, was presented for a two-day run. It should enjoy generous patronage here, judging by the enthusiastic comment of people who attended its first showing, and by the undeniably fine quality of the entertainment.

"The Jolt" is a strong story, simply told and cleverly acted. The plot is laid chiefly in New York, to which city Johnnie Stanton (Johnnie Walker) has returned from the war with his French bride (Edna Murphy). The newspapers that had once called him a "crook" now recount his deeds of valor; but tales of heroism did not give him a job or put money in his pocket. Finally, in desperation, he went back to his old life and joined a burglary plan. The

"Jolt" that struck him as a result of his leaving the straight and narrow path gave him new courage to face life's battle.

This is the barest outline of the story, and of course, does not do the picture justice. There is an individual twist of the story that one must see to appreciate at its true value.

Ruth Roland in "The White Eagle," a Chester comedy called "Wild Duck" and a Fox news film featuring "Face to Face With Japan," make a full and interesting bill.

It is conceded that any change in the personnel of Congress will be for the better.

The light wines asked for by the wets would get heavy if legalized.

Knowledge is power until man reaches the point where he knows it all.

A good many self-made men made an awful mistake in not consulting an expert.

Since husband and wife are one, how can it take two to make a quarrel?

Everything comes to he who waits, except that for which he waits.

A bachelor is only half a man, and after marriage he ain't even that.

Your battery may seem to be so full of life that you may conclude everything is O. K.

But it pays to be sure, because batteries sometimes die very suddenly, right when they seem to be in the best of health.

Here at Battery Headquarters we know the facts before we tell you either that your battery is in good shape or that it needs recharging or replacement.

CAMPING UNDER THE SHADOW OF MOUNTAINS CHARM OF A CANADIAN ROCKIES' VISIT

Housing the summer tourist is one of the problems that confront transportation companies. It is not enough to carry people to various resorts and points of interest; they must be assured of accommodation while there. No section on the American continent has experienced a swifter popularity with tourists than the Canadian Rockies. Each season a greater number of persons demand transportation to and accommodation at Banff, Lake Louise, Emerald Lake and Glacier.

Two years ago a step was taken to care for the overflow from the hotels that dot the mountain route. Lake Windermere Camp on Lake Windermere in the Upper Columbia Valley was built. Twenty-five rustic cabins, accom-

dating each from two to six persons, sprang up among the pines along the lake shore and a spacious, wide-verandahed club house that serves as dining room and social hall, was perched on the tableland above. Before the camp was a month old its popularity was assured. This season promises a greater demand for accommodations as the long-anticipated Banff-Windermere motor road will be open and motorists from Calgary and Banff can drive direct, by way of Vermilion Pass, to Windermere and its attractions.

Lake Wapta Camp with cabins for 50 guests, is located about eight miles west of Lake Louise on the main line of the Canadian Pacific Railway, at a height of 5,190 feet and surrounded by peaks sheering up to 11,000 feet.

Windermere camp, centers about a 30-foot square Community House where guests may enjoy dancing and other social diversions when they are able to tear themselves away from the trails that lead through scenes of grandeur. Ponies and guides are available here.

Bungalow camps with wooden floors are being built now at Lake O'Hara hidden behind the mountains that sit in Lake Louise's front yard, and in the Yoho Valley out from Field. The latter is known as "Takakaw" because of its proximity to the 1200-foot falls of that name. The tent colony about the Chalet at Emerald Lake has given way to rustic cabins with a larger housing capacity. The camps are all run on the American plan at rates of five to six dollars per day.

The St. Edmund's church school will hold a social evening next Friday evening in St. Edmund's parish hall. A program will be held, followed by refreshments served by the teachers. The program will start at 7 o'clock sharp. The parents of the children are cordially invited to attend.

PINOLE

ATHLETIC CLUBS OF PINOLE ARE BANQUETED BY NUMEROUS FRIENDS

An enthusiastic meeting and banquet of the Pinole Park Clubs was held Saturday night at the Club's rooms in the old school house. The banquet was in honor of the club's victorious basketball teams, who have just finished a successful season.

Among others who spoke at the meeting was Al Linder, manager of the club, who complimented the teams on their fine work for the past year.

The club will open their baseball season next Sunday when they will play the Pinole Athletic and Outing Club. The P. A. O. C. team was, until two years ago, when they quit baseball, the champion amateur team for the county. Manager Linder of the Park club stated that if his boys made any showing at all against the older teams that he would feel confident of a victorious year for the boys in his team.

The tennis season will also open in a few days, and hopes are high on the prospects for the tennis team winning a majority of games.

It is planned to have a picnic for both the boys and the girls of the two clubs on May 6. A dance is also being planned by the club for the night of May 1.

REV. AND MRS. J. H. ROGERS WILL MAKE TOUR OF STATE

Rev. and Mrs. J. H. Rogers will leave today for a several days' trip through the Central part of the state. They expect to be gone until April 27. For next Sunday the pul-

Mrs. Bertha Head Vice-Pres. T. F. B.

Mrs. Bertha Head was elected vice-president of the Fraternal Brotherhood at its meeting last night in Musicians' hall. Four candidates were initiated, the ceremonies being presided over by President Mrs. Lelia Osborne. The candidates made some interesting talks.

Following the regular business session, a comic opera was staged by the members. It was as follows: Recitation by Mrs. Mary Moyle, Old Maid's Song by Mrs. Lelia Osborne, Peanut Hunt, won by Mrs. Bertha Head, and several other stunts. The committee in charge of the affair was made up of Mrs. Grace Cole, chairman, assisted by Mrs. Ethel Beedy and Mrs. Doolores Bates. The evening was brought to an enjoyable close with refreshments served by a committee headed by Mrs. Grace Cole.

The weekly whist party will be held Thursday evening at the home of Mrs. Ethel Beedy, 433 Bissell avenue. There will be six handsome prizes and refreshments will be served.

Fiery, Itchy Eczema Healed Right Up By Applying Sulphur

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions, such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

EASTER PARTY ENJOYED BY GIRLS AND BOYS AT COMMUNITY CHURCH

A joint Easter social was in order for the Girls' and Boys' clubs of the Rodeo Community church. The happy evening passed quickly for the many boys and girls who gathered. After the games and other amusements of the evening a fine banquet was spread by the girls, who gave the social. Easter eggs were in abundance as well as cake and other good things to eat.

Those who enjoyed the evening were: Dorothy Slate, Dorothy Le Gault, Doris Peterman, Marion Peterman, Bernard Peterman, Roy Slate, Raymond Anderson, Clyde Cargille, Margaret Rambo, Oda Rambo, Mildred Hallowell, Ella Hallowell, Bud Hallowell, Vernon Gomez, Roland Gresham, Grace Warner, Ethel Thompson, John Thompson, Alex Thompson, Nellis Smith, Jim Ackerman, Howard Ackerman, Cecil Taylor, Harry Lakeman, Fritz Nunne-man, Doris Kennett, Emily Shearer, Mr. H. B. Thomas, leader of the Boys' Club, and Miss Alice Rouse, leader of the Girls' Club.

CONFESSIONS THIS MORNING AT ST. PATRICK'S CHURCH

Confessions will be held at the St. Patrick's church from 5 until 8 o'clock in the morning by Rev. Joseph Maitner. The service will be conducted in English, Portuguese and Spanish.

SUNDAY SCHOOL THIS AFTERNOON FROM 2 TO 4:30 AT ST. PATRICK'S

There will be Sunday school this afternoon from 2 to 4:30 in St. Patrick's Catholic church under the direction of the priest of the parish.

Our treat—come and get some good things to eat

A good housewife won't take anybody's word about an article as important as an oil cook stove.

She wants to see for herself how it works and what sort of results it gives.

We don't blame her. She is right.

That is why we are demonstrating the Florence Oil Cook Stove in our window.

An expert cook is doing all sorts of cooking right before your eyes and serving everything she cooks so you can judge the results.

Every good housekeeper will be interested and should make it a point to see this demonstration.

Head Stuffed By Catarrh? Use A Healing Cream

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, sniffling, dryness or struggling for breath. Get a small bottle of Ely's Cream from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—Adv.

DON'T DELAY

Don't neglect a cough or a cold until it runs into serious sickness. Pneumonia and consumption often have their beginning in a slight cold. At the first indication of a cold, use

The Lost Needle

THERE'S an old English play known as "Gammer Gurton's Needle." Its plot is woven around the loss of the family needle—no trifling misfortune in the days of old.

Today, in this era of ours, life is so rich in comforts that we seldom wonder how folks go along in the ancient world. And we sometimes forget what an important role advertising has played in making life pleasant and altogether livable.

Advertising has one of the leading parts in the eternal drama of dollars. To it is directly due much of the multiplication of products and services which has come about during the last half century.

It has smoothed the mechanics of existence—made life easier and more pleasant by bringing countless necessities—once considered luxuries—within our reach and into continuous use.

Think of this for a minute. You owe much to advertising.

And you miss much when you fail to read it!

End Rheumatism, Weak, Lame Back

Old St. Jacobs Oil will stop pain and stiffness in a few moments.

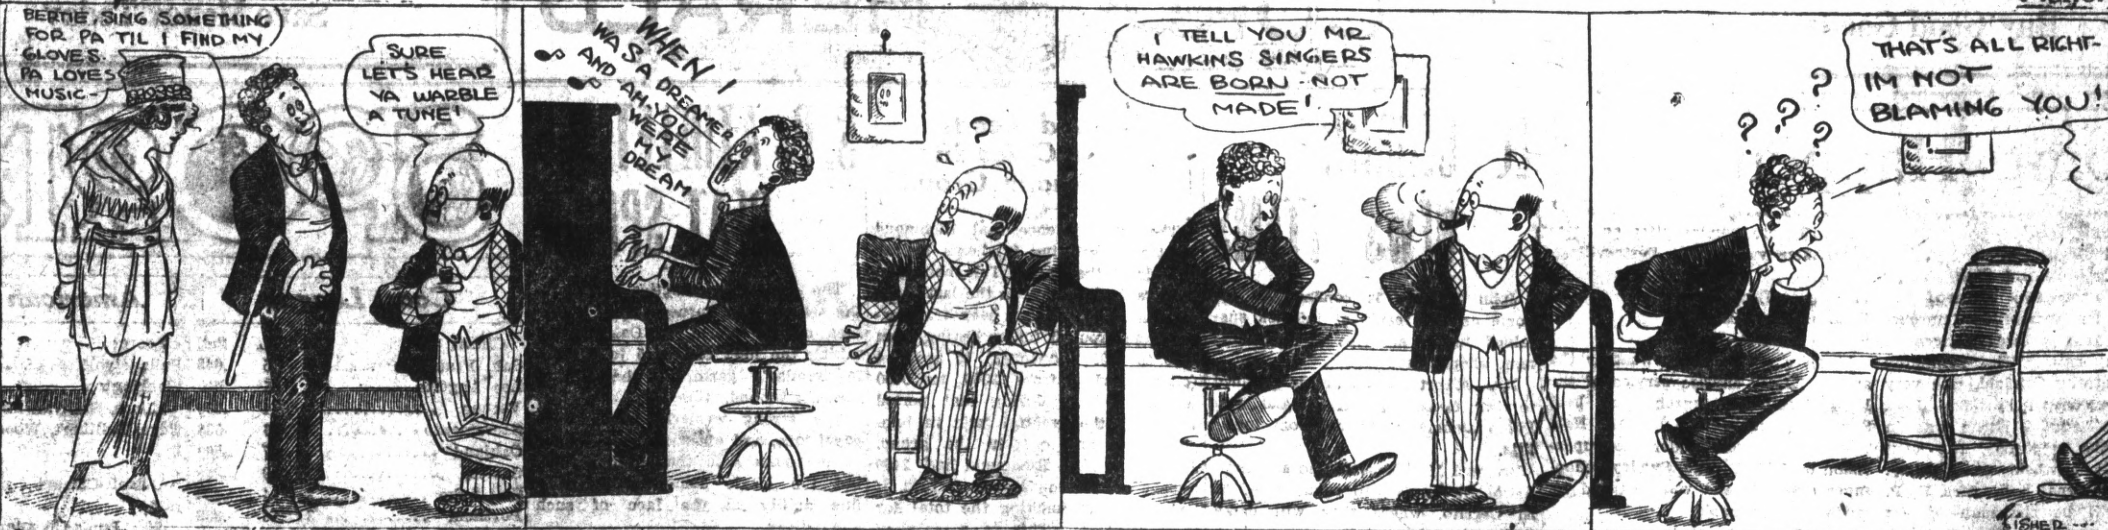

Kidneys cause backache? No! Listen! Your backache is caused by lumbago, sciatica, or a strain, and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back and instantly the soreness, stiffness and lameness disappear. Don't stay crippled! Get a bottle of St. Jacobs' Oil from your druggist, and rub it up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest, St. Jacobs' Oil whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless, and doesn't burn the skin.—Adv.

KIDNEY AND BLADDER TROUBLE RELIEVED
I had Kidney and Bladder Trouble for years. I had to get up at night to urinate, and each time passed me awfully. I treated with various doctors and medicine and was in a very discouraging condition. A friend of mine, who was benefited for his weakness by taking the Herbs prepared by the Kong Wah Herb Specialists, urged me to try them. After taking them for two months, I was entirely well.

March 16, 1922.
I suffered from dysentery and difficult breathing, my bowels moving constantly with bloody discharges. I also had murning indigestion and my stomach felt as though there was a piece of lead in it. Failing to get relief elsewhere, I took the herbs of the FONG WAN HERB CO. for two weeks. My former complaints have left me entirely and I am now enjoying good health.

Suffered Unnecessarily

At intervals I suffered severe pleurisy pains which began in the right side of my chest and ran around under my arm into my shoulder blade. It was both painful and difficult to raise my arm. I had taken various sorts of treatment for the trouble, but had found no relief. New, after seven weeks of the FONG WAN HERB, the pain in my chest is entirely gone, and I feel quite well. I bought the herbs in packages and cooked them at home.

Funeral Today For the Late Audrey Jones

Funeral services will be held tomorrow afternoon at 2 o'clock for the late Ora Audrey Jones, 11-year-old daughter of Mrs. Arbie Jones, 44 Nicholl avenue, who passed away Sunday evening at a local hospital. She had only been ill for a week, and underwent an operation for appendicitis, from which she failed to recover. Her untimely death comes as a blow to her many West Side friends, to whom she had endeared herself by her lovely disposition. She was the granddaughter of Mrs. W. T. Gibbons, of the West Side, and of Harry Jones of San Francisco.

The funeral services will be held at Wilson & Kratzer's funeral parlors. Interment will be in Sunset View cemetery.

NEWS FROM CONTACT GOLD MINES VERY ENCOURAGING

Those who are interested in the Contact Gold Mines, or who are considering buying one or more of the \$100 interests they are selling, had better call on G. W. McPherson, the fiscal agent at the company's office, 629, Macdonald avenue, and be shown a letter he received from Cliff Weldon, the superintendent, in which he says from the present indications in the tunnel he hopes and believes he will soon get into a chimney of high grade ore, as rich as they are now taking out in the Kate Hardy mine, adjacent to theirs. If he does the \$100 interests the company are now selling will be raised and likely withdrawn.

Richmond Leads Other Cities In Phone Growth

The best evidence that Richmond is steadily growing is shown by the records of the Pacific Telephone and Telegraph Company. In the last three months Richmond has been transferred from group 5 (cities having from 1000 to 2500 telephones) to group 4 (cities having from 2500 to 5000 telephones) and during that period has made the greatest gain in telephones of any city in the group. January 1, 1922, Richmond had 2460 telephones, and on March 1, 1922, it had gained 66, making the total for the city 2526. This is a gain of 2.68 per cent.

Vallejo, which has about the same population as Richmond, during the same period lost 12 per cent. Gains made by other cities in group 5 are Bakersfield, 1.71 per cent; Palo Alto, 1.69; San Mateo, 2.11; Santa Ana, 2.61, and Santa Cruz, 1.61.

Richmond Bulldogs Swamp Opponents

The Richmond Bulldogs, the only Richmond entry in the San Francisco "Examiner" baseball league, survived the second round of play Sunday afternoon at Golden Gate Park by swamping the Dabblers' Cigars by the score of 29 to 5. Ted Kistler, who occupied the mound for the local team, pitched good ball, allowing the San Francisco boys only seven scattered hits and striking out 12. Matteria featured for the locals by making several wonderful stops at third. Muth and Lutz showed up good with the stick, the latter connecting for six hits.

This was the second league victory achieved by the local boys, they having won the opening game a week ago by the score of 19 to 3. The Bulldogs lined up as follows: Muth, c.; Kistler, p.; Lutz, 1b; Healey, 2b; Matteria, 3b; Barbari, ss; Villavious, lf; Mallani, cf; Dyer, rf.

Why Chilly Weather Brings Rheumatism

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions; it is one of the most painful. Those subject to rheumatism should eat, less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

S. P. ATHLETICS BEAT SPRUCE

The San Pablo Athletics opened up the season with Spruce Camp, Woodmen of the World, of Oakland, by taking the long end of 5 to 3 score in Sunday's game, on the Market street diamond, this city.

The strong westerly winds were capricious, and upset the calculations of the fielders in the outer garden, but the locals demonstrated some fine ability in the face of such a handicap.

The pitching of Tony Andrade was an outstanding feature of the game. He held the visitors down to five scattered hits. Tony has got lots of smoke, and the line of demarcation between his strikes and balls was so dim at times as to keep the umpire guessing.

F. Moltoza behind the bat played an errorless game, and had the old pegging arm working. Redding in the left field, and Wickesser at short stop put a lot of pep into their playing.

Val Flohs had a monopoly on the way to reach first base, and convulsed the bleachers by his stunt. Tony Gregory's eyes were working like an astronomer's, and he coupled up with the old pill for three safe ones.

The visitors were short two of their regular men, and used two substitutes. Manager Wickler took the right field and B. Gregory, of San Pablo, played left. Gregory made a sensational one-hand stab of a fast fly.

Andrade struck out 11 men and Morrow struck out 8. Two hours were required to decide the contest.

Jim Judson held the indicator.

Quit Meat if Your Kidneys Act Badly

Take tablespoon of Salts if Back Hurts or Bladder bothers—Drink lots of water.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the elimination tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.
